

# Adult Life Learning

## Winter 2019-2020.

(December 15 - March 1)

Opportunities to CONNECT with  
GOD's Word

### **Adult Discipleship: working with the Holy Spirit to develop healthy followers of Jesus Christ**

---

#### **Seeing God's Fingerprints in Our World (Room 103)**

Teacher: Nate Evans

How do we know that we aren't just here by accident? What do we say when we are challenged by the argument that God does not exist? As these questions are becoming more common inside and outside the church, they deserve a heartfelt and intellectual answer. As we look at God's creation all around us, we see the undeniable design everywhere. By taking a closer look at our universe, planet, and the living things all around, we can begin to see the beauty of God, our Creator. This investigation offers powerful evidence for God's existence, as well as, develops a deeper sense of awe within us. A greater understanding of His fingerprints on creation provides us the ability to understand and present our Lord in a way that answers questions and invites hearts.

#### **Current Events (Meeting Room)**

Facilitator: Kurt Jahnke

December sessions for the Current Events Life Learning class will include a combined class in the sanctuary on December 15 about the origins of Christmas and its traditions. December 22 and 29 will be Extraordinary Lessons from Ordinary Lives. Beginning in January we will focus on current event topics. All it takes is a quick look on Facebook or some time with a news station, to know that there are many difficult topics facing our country and our world. And from the national level to our neighbors next door, there is confusion and a lack of civil discourse as we look for answers to these complex questions. In this class, we will endeavor to see what scripture says about such topics as Immigration, Racism, Sexuality, End of Life challenges & decisions, and several other issues. We will seek to gain insight into how a Christian might look at these areas and some practical ways Christ may be calling us to engage with our culture.

These two classes will  
be combined  
in the Sanctuary  
on December 15

## “Genesis” (Room 201)

Teacher: Glen Letellier

This class will seek to interpret Genesis the same way that Jesus and the writers of the New Testament understood it. It will demonstrate from both science and Scripture that the Bible is reliable, authoritative and true. It will show how Genesis builds the foundation for understanding creation, man's purpose, marriage, sin, judgment, and salvation.

Glen brings to this study his academic training as an engineer (college) and the Bible (seminary) as well a life-time of study and love for God's world (science) and God's Word (the Scripture).

## A Time of Intercession (Sanctuary)

Leader: Cindy Quiring & Linette Walzak

This class will meet in  
the Meeting Room on  
December 15

We believe in the power of agreement in prayer so this “class” will be a time of corporate prayer. We will be using the College of Prayer model of the Lord’s Prayer Pattern.

There will be a short time of sharing needs and worship then, as a group, we will be praying for personal needs along with the needs of our church body. This includes, but is not limited to, that day’s services and the other Life Learning classes, our leaders, all of the communities touched by our church and for God’s work throughout the nations.

The Adult Life Learning Classes offered on Sunday morning are just one piece of the Discipleship plan offered at Alliance Church. We seek to offer classes that engage our minds in applying biblical truth to daily life.

Some of these may relate to “seasons of life” such as parenting, marriage, etc. and at times we will have classes specific for men or women. Alliance Church is blessed with teachers who love the Lord, His word and the people they share it with. Take advantage of these opportunities to learn and grow as a follower of Jesus.
